Pooja Joshi

Full-Stack Web Developer | React.js & Node.js Enthusiast

Full-stack web developer with 2+ years of experience in building scalable, responsive web applications using React.js, Redux, and Bootstrap. Skilled in integrating APIs, managing state, and enhancing application performance. Passionate about delivering high-quality, user-focused solutions.

Work Experience

Software Engineer | HCL Technologies

March 2022
- Built and tested responsive web applications using React.js, Redux, and Bootstrap, enhancing user experience and performance. Developed a
- food e-commerce platform as part of HCL's React.js training program, practicing state management with Redux and creating reusable components.
- Conducted bug fixes, patch management, and smoke testing, ensuring a 98% system stability rate.
- Managed ticketing systems and supported warehouse management systems for Under Armour, resolving incidents efficiently.

Projects

ExpresCargo (Live Project)

- Tech Stack: React.js, Bootstrap.
- Contributed to UI/UX enhancements and state management improvements for a logistics platform.
- Improved application responsiveness and streamlined data flow, resulting in a 20% boost in user satisfaction.

Personal Portfolio Website

- Tech Stack: React.js, CSS, GitHub Pages.
- Designed and developed a personal portfolio showcasing professional projects and skills.
- Deployed the website using GitHub Pages, ensuring fast and reliable access for recruiters.

Educational Background

Bachelor of Computer Applications (BCA)

Jawaharlal Nehru PG College, Barabanki, UP (2020)
- CGPA: 7.4/10
