June 2022 – present	**Intership** I have done my 10th month Intership Experience in Techpile Technology Private Limited.	Lucknow, India

🧠 PROJECTS

December 2022 – January 2023

E-commerce, (MERN Stack technology)

An e-commerce website is one that allows people to buy and sell physical goods, services, and digital products over the internet rather than at a brick-and-mortar location. Through an e-commerce website, a business can process orders, accept payments, manage shipping and logistics, and provide customer service.

October 2022 – November 2022

My College, (Python with Django)

This Project done by Python with Django Technology. In my college life, along with studying, I and my friends enjoyed a lot of other things. We traveled to lots of places, had new experiences, and learned many new things. Our college's canteen was a remarkable place in my college life as whenever we got time, we used to chill in the canteen.

SHOOPING CART (Live). ⎋
