EDUCATION

- **United College of Engineering and Research** — Prayagraj, India
  Bachelor of Technology - Computer Science and Engineering; Percentage: 73.16% — *August 2019 - July 2023*

- **Nirmala Convent High School** — Renukoot, India
  CBSE,AISSCE: 70.2% — *April 2018 - June 2019*

- **Nirmala Convent High School** — Renukoot, India
  CBSE,AISSCE: 83.6% — *April 2016 - May 2017*

SKILLS SUMMARY

- **Languages**: Python,Java,Core Java,C,SQL,Html,Css,JavaScript,Peoplecode,Fusion
- **Frameworks**: Django,Flask,Node.js,React.js
- **Tools**: VS Code,Git,Github,MySQL,SQLite,Oracle,Application Designer, BI Publisher
- **Soft Skills**: Data Structures and Algorithms,Object Oriented Programming,Database Management System
- **Coding Profiles**: [] GeeksForGeeks   [] Leetcode [] CodeChef

EXPERIENCE

- **Shri Ramswaroop Digital Technologies Pvt.Ltd** — Lucknow,Uttar Pradesh
  Software Engineer Intern (Full-time) — *Jan 2023 - Present*
  * Designing and developing PeopleSoft applications and components using PeopleTools.
  * Designing and developing Fluid user interfaces (UI) in PeopleSoft applications.
  * Implementing navigation structures, tiles, and dashboards in Fluid homepages.
  * Designing and developing user interfaces using PeopleSoft Application Designer, including layouts, grids,fields,buttons, and other elements.
  * Configuring and customizing PeopleSoft components such as records, fields, pages, and menus to meet business needs.

- **WebPeckers** — Prayagraj,Uttar Pradesh
  Web Developer Intern (Full-time) — *May 2021 - July 2021*
  * Designed and developed user-friendly website basis client requirements.
  * Developed and implemented a new client-facing feature for the website, enhancing user experience and improving functionality, while collaborating with the team to gather requirements, design the feature, and deliver it within project timelines.

PROJECTS

- **Academic Portfolio as Resume** : Built an academic portfolio website using HTML, CSS, and JavaScript technologies to showcase my academic achievements, skills, and experience **Tech:Html,Css,JavaScript**

- **Weather Application** : Developed a weather application that retrieves current weather information based on the user-entered city using Python programming language.Utilized Postman API development tool to send and receive HTTP requests and responses for the app's functionality **Tech: Python, Postman**

- **Attendance using Facial Recongition (Artificial Intelligence, Image Processing)**: Developed and implemented the frontend and backend components of a attendance system, integrating facial recognition and advanced image processing algorithms. **Tech:Python,Flask,Opencv,Numpy**

- **Web Scraping Project (Web Development, Machine Learning)**: Developed a web scraping project using Beautiful Soup to fetch top 30 repositories from GitHub. **Tech: Python,BeautifulSoup**

CERTIFICATES

- Data Analytics and Machine Learning Summer Internship at EIsytems Technologies.- Aug 2021-Sept 2021
- Certificate in Computer System Security from E&ICT Academy, IIT Kanpur - Feb 2021-Mar 2021

ACHIEVEMENTS

- **Achieved 1963rd position out of 11,000 participants in the Acciowars Coding Contest.**

- **Proven problem-solving prowess with 200+ coding triumphs across diverse platforms..**
