99 About me

Power BI Data Analyst | Data Visualization | Business Intelligence | SQL | Dashboard Creation

Profile Summary

A Data Enthusiastic with certification in Master in Data Science with Power BI and a keen interest in data analysis. Proficient in data manipulation, statistical analysis, and visualization techniques using tools like Python and Excel. Skilled in data cleaning, preprocessing, and querying using SQL. Strong foundation in creating informative visualizations with Power BI. Seeking an entry-level Data Analyst role where I can apply my analytical skills, collaborate with teams, and contribute to data-driven insights."

and visualization, I have developed an understanding of data modeling, data visualization techniques, and report creation using Power BI. During my internship at Arbre Creations, I had the opportunity to work closely with the data analysis team, where I utilized Power BI to analyze and visualize complex datasets. I collaborated with cross-functional teams to identify key business requirements and transform raw data into meaningful insights. By creating interactive dashboards and reports, I effectively communicated data-driven recommendations to support strategic decision-making. My technical proficiency extends beyond Power BI, as I am also skilled in SQL, Excel, and Python. This diverse skill set enables me to extract, clean, and analyze data from multiple sources, ensuring accuracy and reliability in the analysis process. Moreover, my strong analytical mindset, attention to detail, and problem-solving abilities allow me to identify patterns, trends, and opportunities hidden within the data. Beyond my technical skills, I am a highly motivated and dedicated individual who thrives in a collaborative team environment. I am a quick learner, adaptable to new technologies and methodologies, and possess good communication skills, enabling me to effectively present complex findings to both technical and non-technical stakeholders. I am excited about the opportunity to join and contribute to its continued success in leveraging data to drive actionable insights.

Sep 2020 - Sep 2021

Railway Signal Design Engineer
Cyient

Worked in Cyient as Rail Signalling Engineer
1. Project Involved: -Riyadh Metro Project (Line 1 & Line 2)
Project Highligts:-It is offshore project under BACS (Bechtel,Almabani,CCC,Siemens)
Consortium whereas Siemens as client which deals with Equipment installation via Software.
COM Document of each Stations were used for reference purpose for Mimics designing on
the software for placing the CCTV, ACID Doors, Telephone & Intercom, CTN symbols.
2. Project Involved: -Thales-GTS-Canada-Signalling-HYD

Aug 2018 - Jan 2019

Assistant Professor
Ambalika Institute Of Management & Technology

Worked as Assistant Professor in the Department of Electrical and Electronics Engineering. Also worked a member in the Examination Cell.

Jul 2017 - Aug 2018

Assistant Professor
Himalayan Institute of Technology & Management

Worked as Assistant Professor in the Department of Electrical and Electronics Engineering

Oct 2013 - Oct 2016

Lecturer
Tirupati College Of Engineering

Trained over 1000 students from different streams for the electrical & electronics domain.
Handling student's data, administrative mgmt, attendance data, and preparing student performance reports.
