EXPERIENCE

Software Development Engineer - 1
IRA Technologies Private Limited

📅 September 2021- Current 📍 Noida, U.P

- Experienced mobile developer with a track record of delivering high-quality, hybrid mobile applications for Android and iOS using **React Native** and Flutter. Skilled in **Java Spring Boot** and experienced in Full Stack development.
- Designed and developed databases, along with RESTful APIs for various project modules, according to feature requirements.
- Experience in developing microservices in Java Spring Boot and successfully implementing them in production.
- Proficient in building, uploading, and releasing mobile applications on Google Play Store and Apple's App Store.
- Skilled in creating and managing **Azure CI/CD** pipelines.

PROJECTS

Healthier Application

- This app utilizes patient characteristics—age, gender, lifestyle, and environmental factors—to offer personalized, evidence-based preventive advice. By integrating data from reputable sources, it aims to mitigate risks and foster healthier lifestyles for individuals and their loved ones.
- **TECHNOLOGIES USED: React native**, javascript

EasyMd Application

- This is a patient management app. Patients can schedule appointments, purchase medicine, schedule lab appointments, and detect faces to provide health information. Multiple functionalities are included in this project.
- **TECHNOLOGIES USED:** React native, Firebase, OneSignal notification, Vonage Call etc
- **Application link:** https://apps.apple.com/in/app/easymd/id1579924481.

Finsuite Application [FS]

- It is a billing management application that can be used by shopkeepers or store managers for keeping records of various information related to their day to day transactions.
- **TECHNOLOGIES USED:** Spring boot, Monolithic, postman, Flutter, dart.

Tizo Ecommerce

- It is an e-commerce application on which user can buy different products.
- **TECHNOLOGIES USED:** Spring boot, micro-service, swagger, Flutter, dart
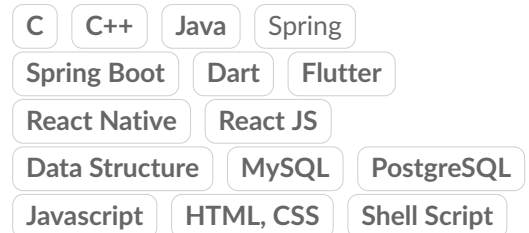

EDUCATION

B.Tech in Computer Science
Integral University Lucknow

📅 2017 – 2021 CGPA:7.60
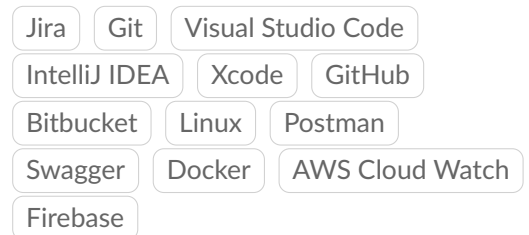

SKILLS

PROGRAMMING

`C` `C++` `Java` `Spring` `Spring Boot` `Dart` `Flutter` `React Native` `React JS` `Data Structure` `MySQL` `PostgreSQL` `Javascript` `HTML, CSS` `Shell Script`

TOOLS & TECHNOLOGIES

`Jira` `Git` `Visual Studio Code` `IntelliJ IDEA` `Xcode` `GitHub` `Bitbucket` `Linux` `Postman` `Swagger` `Docker` `AWS Cloud Watch` `Firebase`

AREAS OF INTEREST

- Data Structures and Algorithms (Linear and Non-Linear data structures)
- Object- Oriented Programming
- Problem Solving Skills
- Linux basic command
- Database Management Systems (MySql)
- Follow clean code template
- Mobile app development

ACHIEVEMENTS

- Achieved 3 star rating on Leetcode and solved 456 problems (https://leetcode.com/mujeeb000/).
- Achieved 3 star in Hackerrank.
- Employe of the month 3 time.
- Contributions on Stack Overflow
