PROFESSIONAL SUMMARY:

A passionate and dedicated Junior Software Developer with 1 year hands-on experience in MERN stack development, seeking to contribute technical skills in web development and expand knowledge in software engineering.

AREAS OF EXPERTISE:

- ✓ **Languages:** HTML, CSS, JavaScript, TypeScript
- ✓ **Frontend:** React.js, Next.js
- ✓ **Backend:** Node.js, Express.js
- ✓ **FrameWork:** Bootstrap
- ✓ **Database:** MongoDB, PostGres

- ✓ **Tools:** Git, Postman, V.S Code
- ✓ **Version Control:** Git, GitHub
- ✓ **Others:** RESTful API development, Debugging, Problem-solving

PROFESSIONAL EXPERIENCE:

Junior Software Developer

Techpile Technology Pvt. Ltd. | 25 Oct, 2024 - Present

- Developed and maintained multiple web applications using the MERN stack.
- Worked on React.js for front-end development and Node.js with Express.js for back-end APIs.
- Integrated MongoDB for data storage and management.
- Collaborated with cross-functional teams to ensure smooth deployment and integration of features.
- Participated in code reviews and bug fixing, ensuring high-quality code.

Internship

Techpile Technology Pvt. Ltd. | 15 May 2024 - 20 Oct, 2024

- Developed a full-stack Hospital Management System simulating quick delivery services for medical operations.
- Designed and implemented RESTful backend APIs using Node.js and Express.js, ensuring secure and efficient communication.
- Managed MongoDB databases, focusing on data consistency, schema design, and performance optimization.

RELEVANT PROJECTS:

Task Management

- Built a task management system to help users organize, track, and manage their tasks efficiently.
- Implemented features like task creation, status updates, and deadline tracking using the MERN stack.

Freshcart

- A shopping website designed using React.js for frontend and Node.js for backend.
- Integrated payment gateway and order tracking functionality.

Job Finder

- A job search platform built using the MERN stack.
- Included features like job posting, searching, and user profiles.

Hospital Management System

- Developed a Hospital Management System as part of a 6-month MERN Stack internship, simulating quick medical delivery services.
- Built RESTful APIs, managed MongoDB, and optimized backend performance using Node.js and Express.js.

EDUCATION:

2021-2024 | Government Polytechnic Shahjahanpur

Diploma in Computer Science and Engineering [78%]

2021 | SMT Nirmala Singh int coll Lehna Hardoi

Intermediate in Biology [70.50%]

2019 | Laxmi Bai int coll Jiyo Hardoi

HighSchool in MatheMatics [78.34%]

LANGUAGES:

- HINDI
- ENGLISH
