Education

Shri Ramswaroop Memorial College of Engineering and Management **Aug 2019 - July 2023**
Bachelor of Technology in Computer Science and Engineering *Lucknow, Uttar Pradesh, India*

Relevant Coursework

- Data Structures and Algorithms
- Software Engineering
- Database Management
- Operating System

Technical Skills

Languages: C++, Python, Javascript, SQL

Technologies/Frameworks/Libraries: ReactJS, ExpressJS, NodeJS, MongoDB, Git, Github

Projects

Notes App | Live | Code |

- Developed a ReactJS-based notes application with local storage functionality, enabling users to create, search, and delete notes while ensuring data persistence across sessions.
- Implemented dark and light modes for the app, providing users with the option to switch between visually appealing themes based on their preferences and lighting conditions.
- Tech Stack : React JS, HTML, CSS

Weather App | Live | Code |

- Developed a real-time weather application utilizing ReactJS, HTML, and CSS. The app fetches data from the OpenWeatherMap API, ensuring users have access to accurate and up-to-date weather information.
- Tech Stack :React JS, OpenWeatherMap API, HTML, CSS

Sudoku App | Live | Code |

- Developed a JavaScript-based Sudoku application with four difficulty levels, enabling users to play and solve puzzles of varying complexity.
- Implemented local storage functionality to store user data while offering a dark and light mode option for enhanced user experience in different lighting conditions.
- Tech Stack : Javascript, HTML, CSS

Community Work

Devsnest | Certificate **Mar 2021 – Dec 2021**
Community Moderator *Remote*

- Helped in managing a community of 5000 learners on discord.
- Delivered doubt sessions of DSA and Full Stack and introduction sessions to course students.

Devsnest | Certificate **July 2021 – Sept 2021**
Batch Leader *Remote*

- Managed 5 teams of 10-12 members.   .
- Helped in monitoring the progress of students throughout the course.
