I am hardworking studying MBA degree first year. I have experience as an HR intern. I have done vocational training in Railways and MTPS DVC. I would like to enhance my knowledge and skills by working in challenging environment. Currently I'm looking for internship opportunity in HR profile.

EXPERIENCE

FTS(Failure To Success)

March-2021 to April-2021

Human Resources Intern

Since starting my internship in March, a highlight of my experience has been seeing the culture at FTS. The idea of "We are ready to listen to you" really resonates with me – I love that the company recognizes that we spend a good portion of our time at work, so leaders do everything in their power to make sure employees are satisfied with the working environment. The culture here is so welcoming, and I was surprised at how much it is integrated into the day-to-day activities at FTS.

Mejia Thermal Power Station - MTPS, DVC

June-2018 to July-2018

Vocational trainee

The practical experience that I have gathered during the overview training of large thermal power plant having a large capacity of 2340 MW for Unit# I to VIII in three weeks is very useful as a stepping stone in building bright professional career in future life.

South eastern railways kharagpur workshop

December-2017 to January-2018

Vocational trainee

It proved to be highly in providing a practical knowledge and giving me scope to learn the various types of machines by practically observing their function.

EDUCATION

School of Management, NIT Warangal

2020-2022

Master of Business Administration - MBA

My education in SOM is really helping me develop my skills and become a better manager in the future. Active member of SOM Newsletter, Anime and Comics Club NITW

PROJECTS

An Analysis of the Impact of Social Media Marketing on Individuals and Businesses Attitudes

Jan 2021 – Mar 2021

The purpose of this study was to investigate the impact of social media marketing on individuals' and business' attitudes.

Dual Regulated Power Supply & it's Different Applications

Aug 2018 – May 2019

A power supply kit was made providing multiple outputs with regulated and protected power to prevent over current and over voltage. It helped me to gain a better hardware experience

MTPS DVC

Jun 2018 – Jul 2018

Electrical Multiple Unit

Dec 2017 – Jan 2018

I am very much grateful to the respective instructors who had not only guided me to learn about emu but also gave me a vast amount of knowledge regarding THE INDIAN RAILWAYS and the EMU section in which TRACTION MOTOR is a key component
