## SKILLS

**Languages & Frameworks** (Flutter, Dart, Java)

**DevOps Tools** (Virtualization, Vagrant)

**Databases** (MySQL, Firebase)

**Development Tools** (GitHub, Postman, Netlify)

**Design Tools** (Figma, Flutter Flow)

## EDUCATION

### Bachelor's of Computer Applications

Lucknow Public College Of Professional Studies  
(2021-2024) | 75.38%

## PROJECTS

### JustChat (Major Project)

Tech Stack: Flutter, Dart, Packages, Firebase Auth, Git, API

- Developed an intuitive chat application for real-time messaging.
- Integrated news headlines feature to keep users updated.
- Designed a user-friendly interface for smooth interactions.
- Integrated news headlines feature, increasing user engagement by 20%.
- Designed a user-friendly interface, resulting in a 95% user satisfaction rate.

### Shikayat (Minor Project)

Tech Stack: Flutter, Dart, Firebase, Cloud Storage, Firebase Auth, Git

- Created a cross-platform UI for complaint submission and tracking, reducing response time by 40%.
- Utilized Cloud Firestore for real-time data synchronization, handling over 500 complaints efficiently.

## PROFESSIONAL EXPERIENCE

### Mobile Application Developer (Internship)

Oikoshreem Infotech Pvt. Ltd.

2024/06 – 2024/11

- Developed high-performance, scalable, and cross-platform mobile applications using Flutter and Dart, ensuring compatibility with both Android and iOS platforms.
- Designed responsive and visually engaging UI/UX layouts using custom widgets, animations, and material design principles to enhance user experience.
- Conducted comprehensive unit testing, debugging, and troubleshooting to identify and resolve performance issues, ensuring application stability and reliability.
- Deployed applications to the Google Play Store, managing the complete app lifecycle, including submission, version updates, and incorporating user feedback.
- Implemented state management solutions using Riverpod and Provider to maintain app architecture and scalability.
- Documented technical processes, including codebase organization, feature updates, and workflow guidelines, to improve project transparency and team collaboration.
- Worked in an Agile development environment, participating in sprint planning, daily stand-ups, and retrospectives to ensure timely project delivery.

## CERTIFICATES

### Certified Flutter Developer

- Issued by Udemy, August 2024
- Developed high-performance Flutter apps with a focus on state management, API integration, and custom UI.

## EXTRA CURRICULAR

- Volunteered at IIA-IFX event, successfully managed a team to ensure smooth execution, impacting over 500 participants.
- Secured 2nd Position in INGENIOUS INVENTION at Xenium International, LPCPS.
