SUMMARY

Lead Software Engineer with 5+ years of experience building enterprise-level applications using React JS, Redux, Node JS, and JavaScript. Leveraging strong leadership and a full-stack mindset, I have successfully led cross-functional teams to deliver innovative solutions that drive efficiency. My technical expertise has resulted in a 90% reduction in cloud file loading times and significant improvements in server performance across multiple platforms.

WORK EXPERIENCE

Lead Software Engineer

Akkodis

📅 07/2021 - Present 📍 Gurugram

Developed Siemens Zel X, a cloud-based CAD software that provides various advanced capabilities for designers.

- Implemented CAD functionalities in Zel X including Extrude, Revolve, Timeout Recovery, and Sketch Environment.
- Optimized saved files on the cloud, reducing file loading times by 90%.
- Streamlined server calls in the Sketch environment, reducing API response time by 75% on Windows and 85% on macOS.
- Conducted code reviews to improve quality, ensuring adherence to coding standards, consistency.
- The technology stack included React, Redux, Vue, Node.js, Express and JavaScript.

Software Developer

Samcom Technobrains

📅 09/2020 - 06/2021 📍 Ahmedabad

Worked on Cixxonia Platform, a supply chain management software focused on optimizing resources.

- Designed reusable components to build chart-based dashboards, stock tracking, inventory management and order printing.
- Integrated Apex Charts using JSON with REST APIs to deliver real-time data to the end users.
- The application was built using React, Redux, Vue, Node.js, Express and JavaScript.

Junior Developer

ECS Inc.

📅 06/2018 - 06/2019 📍 Chennai

Built Ellie, an interactive voice-based assistant app.

- Developed features including voice-based FAQ, Zoho CRM helpdesk integration and appointment management.
- Embedded Google Dialogflow for processing voice commands into keyword based trained agents.
- Integrated Google Maps API to show the custom location data during chat session.
- Development was carried out using technologies like React, React Native, Redux, Node.js, Express, and JavaScript.

SKILLS

JavaScript React.js Redux.js Vue.js Vuex Node.js Express.js HTML CSS Git Gitlab MongoDB NPM Rest API UI/UX Scrum Agile Authentication Material UI Bootstrap CI/CD Visual Studio Code

EDUCATION

Bachelor of Technology, ECE

Vellore Institute of Technology

📅 2014 - 2018 📍 Vellore

CGPA **7.59** / 10

CERTIFICATION

Certified ScrumMaster (CSM)

Attended in-person training and achieved Certified ScrumMaster (CSM) by Scrum Alliance.

KEY ACHIEVEMENTS

Siemens

Client Management recognized my contribution as Scrum Master in achieving team objectives

Siemens

Awarded an Honorable position in the Innovation Day competition
