

Roll No - 1736013007

NAME - PRINCI

Section - C

Answer No - 3(a)

Broadly speaking a risk assessment is the combined effort of identifying and analysing potential events that may negatively impact individual assets and or the environment and making judgments on the tolerability of the risk on the basis of a risk analysis while considering influencing factors.

Answer No - 4(b)

Three features of CCTV

1- High resolution why is high resolution a key security camera feature

2- day and night recording if you will be recording on a 24 Hours cycle you should invest in cameras that can capture images during low light situation.

3- Remote Access.

Answer No - 3(b)

Process for Policy
Review and Rescission.
The policy owner
is responsible for
conducting a comprehensive
review of their
policies at a minimum
of every 5 years
or as required to
stay current with
applicable laws and
or Regent Policies.

The purpose of comprehensive
review is to take an
in depth look at
existing policies.

Answer No - 6(b)

The term standard is sometimes used within the context of information security to distinguish between written policies standard and procedures. organization should maintain all three levels of documentation to help secure their environment.
