ONLINE CERTIFICATE

## Experience

### SDE INTERN

#### GENERAL AERONAUTICS

📅 July 2022 – Dec 2022

📍 Remote, Bengaluru

- Worked on project GA HUB(A central API server used by clients and other General Aeronautics (GA) platforms phase 2 ) and involved in creation of APIs (GET , POST, GETbyID , PUT , DELETE ) for multiple components such as Notifications,Reminders ,Default Components etc Using HAPI.JS ( a NODE.JS backend framework) including the documentation of all the APIs in ATLISSIAN Confluence platform
- Models of all the the APIs were defined by SEQUELIZE(framework of SQL Framework) for database connectivity and communication through APIs.
- Schema for all the APIs were defined using JOI which is a code validation and NODE API validation library for JS. and Reduced Bugs On multiple low level APIs and raised their respective PRs on BITBUCKET.
- Performed INTEGRATION TESTING for more than 300+ APIs using POSTMAN API workspace and TESTED 2 FULL SCALE phases of the project with 90
