## SUMMARY

MERN Stack Developer with 8 months of experience in building dynamic web applications using MongoDB, Express.js, React, and Node.js. Demonstrated ability to handle both front-end and back-end development tasks, and eager to further develop skills while contributing to innovative projects. Open to relocation and eager to contribute to innovative projects and teams in new locations.

## EXPERIENCE

### Hanumant Technology Pvt.Ltd

December 2023 - October 2024

- Responsible for developing and maintaining scalable web applications using the MERN stack.
- At the start of the training, a 6-month MERN stack learning program was completed, focusing on MERN technologies under the guidance of the instructor.
- Overall, the role at Hanumant Technology provided an opportunity to hone skills in ReactJS and Node.js, collaborate with a talented team in an agile environment, and make a meaningful impact on the lives of elders through innovative web solutions.

## PROJECTS

### My Portfolio

- Personal portfolio website showcasing skills, projects, and achievements using HTML, CSS, and JavaScript..
- Designed and developed a visually appealing website deployed on GitHub Pages.
- Managed project files using version control for collaboration and tracking changes.

### Check and Buy

- Designed and implemented the front-end interface using ReactJS, ensuring a responsive and user-friendly experience.
- Improved page load speed by 40% through optimization of ReactJS components and server-side rendering.
- Developed RESTful APIs with Express.js to handle CRUD operations and facilitate communication between the client and server.
- Built server-side functionality with Node.js, including authentication and data processing.

### Nirman Real Estate

- Developed a responsive real estate website featuring property listings and property detail pages.
- Designed a mobile-first, user-centric front-end with ReactJS, ensuring a consistent and responsive design across all devices.
- Built reusable and modular React components for improved maintainability.
- Development time decreased by 37.5%, with 30% less code due to reusable components and utility-first CSS.

## SKILLS

–**MERN Stack:** MongoDB, Express.js, React.js, Node.js

–**JavaScript:** JavaScript ES6

–**Frontend Development:** HTML5, CSS3, Responsive Design

–**State Management:** Redux, Context API

–**APIs:** RESTful APIs

–**Database Management:** MongoDB, Mongoose

–**Backend Development:** Express.js, Node.js

–**Version Control:** Git, GitHub

–**Authentication:** JWT

–**Development Tools:** Postman

–**CSS Frameworks:** Tailwind CSS, Bootstrap

–**Animation:** GSAP (GreenSock Animation Platform)

–**Frontend Development:** HTML5, CSS3, JavaScript (ES6+), GSAP (GreenSock Animation Platform)

## EDUCATION

**Chhatrapati Shahu Ji Maharaj University**, Bachelors of Arts

*May 2020 - April 2023*

**SS Inter College**, Senior Secondary (Class XII)

*April 2018 - April 2020*
