## PROJECTS

### Material excel sheet generate: (03/2021 - 04/2021)

▣ I work as a Software Developer, mainly using Laravel, Managed importing large Excel sheets into separate tables using Maatwebsite package. Utilized join queries to extract specific data as export.

### Natural ice-cream (04/2021 - 08/2021)

▣ The project is about natural Ice-creams, Customized WooCommerce product plugin for Natural Ice Cream WordPress Site: that reflects the brand's identity and provides customers experience to attract.

▣ Project link: <https://naturalicecreams.in/>

### Dhannam (on-demand pay ): Running project, (03/2022 - 10/2022)

▣ On demand pay: Online employee benefits platform for on-demand pay.

▣ Project link : <https://portal3009.dhannamfinance.in/>

### Loan management syaytem: (09/2022 - Present)

▣ This is advance Design and development from inception to its current state. and management of the entire loan management system.

- ▣ I worked closely with the client to understand their specific needs and requirements and developed and developed a customized solution to meet those needs
- ▣ It has a huge repository of client data where all the information Client background & current status is maintained on the basis of that the loan is sanctioned.
- ▣ The project is based on permission based like each user may have different role and permission to perform any action or visibility of any section.
- ▣ And create API for their mobile app.

▣ Module: Customer and its co-customer, Disbursed loan amount using **ICICI bank API** using OTP base and its loan chart generation, Manage payment, etc. more

▣ Project link: <http://portal3009.shivakarifinance.co.in/admin>

### Assets management system: Lloyds (05/2023 - 06/2023):

▣ The system was designed to help the client manage inventory and track warehouse activities in real-time.

▣ Create rest API to store their master.

▣ Project link: <https://loyds.digitalcubeZ.com/admin/main>

### Additional:

1. **Shopify** running website: <https://goodfettle.co> : An ice-cream base website.
2. **Magento** Developed a customized theme for <https://stylefab.com>. (Custom dress pattern).
