## Summary

Experienced Senior Flutter Developer with a robust skill set in mobile app development, specializing in technologies such as GetX, Firebase, Play Store, App Store, Xcode, and Dart. Proven expertise in creating secure Flutter applications, ensuring optimal performance and functionality. Adept at navigating the intricacies of cross-platform development, delivering high-quality apps for both Android and iOS platforms. Passionate about staying abreast of the latest industry trends and continuously enhancing my capabilities to contribute effectively to innovative projects.
