SUMMARY

As an experienced web developer, I enjoy working both on my own and with a team. I always aim to deliver high-quality work on time. I have strong skills in software development and design patterns. I'm excited to take on new challenges that help me grow and create new things.

SKILLS

PROFESSIONAL

- Problem-Solving
- Adaptability
- Attention to Detail
- Project Management
- Technical Writing
- Conflict Resolution
- Multitasking
- Performance Optimization

EDUCATION

- COMPUTER ENGINEERING**
Private Faculty of Management Sciences and Technology
2021 - 2024
- FUNDAMENTAL LICENSE IN COMPUTER MANAGEMENT**
Private Faculty of Management Sciences and Technology
2018 - 2021

WORKING EXPERIENCE

- LEAD DEVELOPER, [INKYFADA]**
January [2023] | ongoing
 - Demonstrate a commitment to continuous learning, staying up-to-date with the latest web development trends and techniques
 - Took ownership of customized projects, from planning and development to deployment, and gained valuable experience in project management
 - Develop strong abilities to effectively solve technical issues and challenges and improve code efficiency
 - Collaborate closely with customers, understand their requirements and deliver solutions that effectively meet their needs
 - Started taking on leadership roles within the team, assisting junior members and contributing to team success
- TECHNOLOGIES:** PHP, Symfony, Laravel, Mysql, postgresql, Angular, Docker, Nginx

LANGUAGE

- Arabic
- English
- French

HOBBIES AND INTERESTS

I am passionate about traveling and exploring new cultures, as well as delving into new technologies and observing diverse food cultures. In my spare time, I also enjoy playing chess.

PROFESSIONAL WEB DEVELOPER [INKYFADA]

October [2021] | December [2022]

- Designed and implemented RESTful APIs
- Created end-to-end solutions by integrating front-end interfaces with back-end services using Symfony and Laravel
- Managed API integrations with third-party services using Symfony and Laravel
- Implemented design patterns and best practices for scalable code architecture
- Managed branching, merging, and version control workflows using Git
- Developed strong abilities to effectively solve technical issues and challenges, utilizing debugging tools and techniques such as Chrome DevTools, Postman, and log analysis to improve code efficiency and application performance

TECHNOLOGIES: PHP, Symfony, Laravel, Mysql, postgresql, Jquery, Docker, Nginx

JUNIOR DEVELOPER PART TIME [INKYFADA]

Mars [2020] | Juin [2021]

- Observed the complete project workflow from planning to deployment
- Learned industry best practices for coding standards and code reviews
- Saw how Agile methods work and improved my project management skills
- Learned how to interact with clients and use their feedback effectively
- Recognize the importance of effective communication and collaboration within teams
- Learned how to resolve conflicts to keep the work environment positive
- Observe the effective distribution of tasks based on the strengths of team members
- Learning from mentors and teammates within the team

TECHNOLOGIES: PHP, Symfony, Mysql, Jquery, Angular
