⌂ BHOPAL (MP)

CAREER OBJECTIVE

10+ Months of experience in building and delivering robust web applications. Proficient in frontend technologies such as HTML, CSS, JavaScript, Bootstrap, React JS, hooks, and MUI. I've developed applications from scratch and enhanced ongoing projects, leveraging strong frontend skills. I'm driven by continuous learning, constantly improving to enhance productivity. Each project fuels growth, offering novel approaches to overcome challenges efficiently. I'm committed to delivering top-notch code, exceeding expectations for client satisfaction. Beyond technical proficiency, I prioritize communication, collaboration, and teamwork for seamless project execution. With a dynamic approach and unwavering dedication, I'm ready to contribute impactful digital experiences and exceptional outcomes to new ventures.

KEY EXPERTISE / SKILLS
