Software Engineer

+91 8417921655 shalupandey998445@gmail.com

## Summary

---

Experienced PHP developer with a proven track record in the development and maintenance of web applications. Proficient in HTML, CSS, JavaScript, PHP, MySQL, jQuery, WordPress, and Laravel. Demonstrated ability to solve complex problems and deliver high-quality projects on schedule. Eager to leverage technical expertise in a challenging role to drive team success.

## Work Experience

---

Software Engineer

Jan 2023 - Present

### **CEDCOSS Technologies Private Limited | Lucknow**

I manage the Etsy plugin, actively contributing code to enhance its functionality and performing customizations based on client specifications. Within the company, my primary focus revolves around the integration of third-party tools through APIs, with a special emphasis on utilizing the Etsy API to synchronize WooCommerce stores with the Etsy platform.

I regularly engage with clients, addressing their needs and facilitating Etsy plugin customizations to meet their specific requirements. My role involves effective communication and collaboration with clients to ensure seamless fulfilment of their customization requests for the Etsy plugin.

Software Engineer

Sep 2022 - Jan 2023

### **Jamtech Technologies Private Limited | Lucknow**

Led end-to-end development of websites using JavaScript, PHP, MySQL, HTML5, and CSS3.

Specialized in customizing WordPress CMS, ensuring seamless integration and client-specific customization.

Developed and implemented custom WordPress themes, enhancing the visual appeal and functionality of websites.

Created bespoke plugins to address unique client requirements, contributing to a more efficient and tailored user experience.

Successfully integrated third-party APIs into WordPress projects, expanding functionality and features.

Provided innovative and effective solutions for complex technical challenges, ensuring optimal website performance.

Collaborated with clients to understand their business needs and goals, delivering WordPress solutions that exceeded expectations.
